Summary

Full-Stack web developer with a background in music. Received training at UCF Bootcamp and earned a certificate in full-stack web development. Passionate about harmony and elegance with an eye for balanced and aesthetic solutions. Strengths in attention to detail and teamwork.

Technical Skills

Frontend: HTML5, CSS3, JS, jQuery, React, Bootstrap, Tailwind
Backend: NodeJS, Express, MongoDB, MySQL, GraphQL, Mongoose

Projects

GameGetter || <https://github.com/StevenBolc/GameGetter/> || <https://game-getter-project-2.herokuapp.com/>

-Game Getter is an interactive application that allows users to search for over 16,700 video games from various genres, publishers, release years and more! After searching, a display of all related search results will be curated just for you.

--Core Responsibilities: Server Management and Layout Design

--Technologies and Languages: Handlebars, express.js, MySQL, Sequelize, HTML, JS, Node.js

BooksVsMovies || <https://github.com/RflctnOfU/BooksVsMovies> || <https://rflctnofu.github.io/BooksVsMovies>

- BooksVsMovies is a web application that allows the user to search for the title of a book or a movie and compares the two titles side by side. The user then is allowed to leave their mark on the page by giving the titles a thumbs-up, if they enjoy the title, or a thumbs-down, if they disliked the title.

- Core Responsibilities: FetchAPI coding and Parsing of JSON objects to render data on page

- Technologies and Languages: HTML, jQuery, JS

Experience

Principal Trumpet

2002-Present

Southwest Florida Symphony

I am responsible for managing and leading the brass section, coordinating with the music director to bring their vision into reality. I work towards fostering a teamwork-oriented and can-do attitude in my colleagues to bring out the best performances possible. Consequently, communication skills have been developed to a high degree.

Education

Bootcamp Certificate: UCF, Orlando, FL

Graduation Date: September 7, 2022

A 12-week intensive bootcamp focused on acquiring skills in Web Development with an emphasis on the MERN Full-Stack.
